The Coming Congress.

It is Expected to Be a Very Busy Session.

GREAT QUESTIONS OF THE DAY.

The Tariff, Trusts, the Civil Service Law, the Interstate Commerce Law, the Educational Question and the National Election Law Will Be the Leading Questions Considered.

WASHINGTON, Oct. 21.—There are not many senators and representatives in Washington now, but most of those here expect a very interesting and busy session of congress during the coming winter. The tariff, trusts, the civil service law, the interstate commerce law, the educational question, a national law, and subsidies will be among the subjects that will engage the attention of congress.

What are recognized as the great questions of the day will, for the most part, be presented as part of measures and are likely to render the coming session a very important one. Senator Dolph thinks congress will take no step backward in the matter of regulation of interstate commerce or civil service reform. Both the interstate commerce law and the civil service law, he thinks, will probably be amended, but not so as to destroy their efficiency. Wherever amendments are made to either, it will be for the purpose of eradicating defects disclosed by experience, and to make them more effective.

The nice question, he says, will undoubtedly be discussed in connection with the contested election cases and independently of them. It is a live question and will not down at any bidding. He feels confident that the tariff will be revised and the source of the revenue diminished. Some measure not very dissimilar to the senate bill will be passed. It is possible, he thinks, that a bill upon the subject of trusts will be passed, but the subject must be dealt with in the main, the senator says, by the states. The power of congress over this subject is so limited as to render of little value any law which it may pass to prevent or control trusts in the states.

Congressman Brown, of Indiana, thinks a revision of the revenue system the most important question awaiting the action of congress, and favors a repeal of the tax on tobacco, on alcohol in the arts and a reduction of the tax on sugar. He says:

"Something will probably be done regarding the seal fisheries, and also the Canadian fishery dispute. These questions, however, will not divide the parties. I have no doubt there will be some amendment to the interstate commerce law, and congress will unquestionably legislate on the subject of trusts. It is possible to devise a trust in such a way as not to interfere with legitimate business."

Congressman Hitt, of Illinois, thinks it rather too early to make any predictions about what congress will do at the coming session. No conference of even the most informal kind has been held so that no means of judging what other members are considering is to be had. Then the shifting of opinion on many important points is so likely that a judgment now is not very apt to hold when actual voting on questions begins in February and March.

Something in the way of amendatory legislation to the interstate commerce law may be expected. As to the civil service law too many congressmen of both parties are pledged to its support to allow its repeal. The subject of trusts will probably be involved in the discussion of the tariff, which will, of course, come up next session.

Organization of the House.

WASHINGTON, Oct. 21.—As members-elect to the Fifty-first congress meet the old gossip respecting the organization of the next house at representatives naturally increases. The consensus of opinion among members-elect now here indicates that the speakership will go either to Blain (Mr. Rice) or Ohio (Mr. McKinney). Messrs. Burroughs, of Michigan, and Cannon, of Illinois, are both on the ground, however, and it is said will at least make the contest interesting before balloting begins. At this writing it would be a very difficult undertaking to pick out the stronger candidate from the first two named.

Maj. John M. Carson, of the Philadelphia Ledger, appears to have already practically captured the clerkship of the next house. In his modest way, Maj. Carson has been working all summer, and it is claimed by his friends that he has pledged sufficient to elect on the first ballot. Col. Swords, appears to have no rival for the position of sergeant-at-arms, while there are several candidates for the offices of doorkeeper and postmaster.

Prominent Member Dead.

HARTFORD, Conn., Oct. 21.—George W. Moore, a leading citizen and prominent banker and broker of Hartford, died yesterday morning after a week's illness, aged 66 years. He was the head of the firm of George W. Moore & Company, president of the Mechanics' Savings bank, a director of the Phoenix Fire and Life Insurance company, and president of the Cedar Hill Cemetery association.

How in the World of an Old Gun.

GREENSBURG, Ind., Oct. 21.—Brent Patton, 21 years old, son of Campbell Patton, was cleaning out an old gun, Saturday afternoon, and, supposing he had taken all the powder out at the breech, blew in the muzzle. The gun was discharged in his mouth, knocking out two teeth, and causing a wound that may become very dangerous.

COMMISSIONER OF PENSIONS.

The President appoints Green B. Raum, of Illinois, to that office.

WASHINGTON, Oct. 21.—The president has settled the long controversy over the appointment of a commissioner of pensions to succeed James Tanner, resigned, by the appointment of Gen. Green B. Raum, of Illinois, ex-member of congress and ex-commissioner of internal revenue. The impression prevailed until quite recently that Mr. Poole, of New York, would be appointed. This impression was based on the hopeful expressions of Senator Hiscock, who is Mr. Poole's principal supporter, and who felt confident of his appointment.

In none of the speculations about the succession to Commissioner Raum had the name of Mr. Raum figured prominently until Friday night, and then the possibility of his appointment was discussed by few. It was once suggested that Mr. Mason, the commissioner of internal revenue, might be transferred to the head of the pension office, and Mr. Raum succeeded him as commissioner of internal revenue. Mr. Raum's appointment as commissioner of pensions, announced early Saturday morning, came as a genuine surprise to most of those interested.

Gen. Green B. Raum, of Illinois, the new commissioner of pensions, took the oath of office as commissioner of pensions before Chief Clerk Dawson, of the interior department, at 12 o'clock. He was then officially introduced by Secretary Noble to the officials in the department. After some time spent in receiving the congratulations of friends Gen. Raum proceeded to the pension office, accompanied by Assistant Secretary Bussey. He was introduced to the chiefs by Assistant Secretary Bussey and Assistant Commissioner Smith.

Among the department officials the selection is well received, the only criticism made being that Gen. Raum has not in recent years been in active political life. With the appointment of Gen. Raum as commissioner, the rumor is revived that Deputy Commissioner Smith will either be allowed to resign or else be transferred to some other field. It seems to be accepted as a fact that he will not remain assistant commissioner of pensions.

Secretary Noble when asked whether Mr. Smith would be removed, said that as Gen. Raum was now commissioner of pensions, his desire is in regard to who would assist him as deputy commissioner, would have great weight. He would not say whether he himself contemplated any action in the premises.

Mr. Raum was born in Golconda, Ill., Dec. 4, 1829. He was admitted to the bar in 1852. In 1856 he removed with his family to Kansas, where he made himself obnoxious to the pro-slavery faction. The following year he returned to Illinois and settled at Harrisburg. He entered the army as major of the Fifty-sixth Illinois regiment. He was made brigadier general of volunteers Feb. 15, 1865, which position he resigned May 6. In 1866 he obtained a charter for the Cairo and Vincennes Railroad company, of which he was the first president. He served in congress from March 4, 1867, till March 3, 1869.

In 1876 he was president of the Illinois Republican convention and in the same year a delegate to the National convention of the Republican party at Cincinnati. He was appointed commissioner of internal revenue Aug. 2, 1876, and retained the office till May 31, 1883. During this period he collected \$8,000,000 and disbursed \$30,000,000 without loss. On his retirement from the internal revenue office Gen. Raum began the practice of law in the District of Columbia, which he has continued until the present day.

A DRASTIC EXPLOSION.

Sixteen Men Imprisoned in a Burning Mine.

FORT SMITH, Ark., Oct. 21.—A disastrous explosion occurred Saturday in a coal mine at Bryant's switch, five miles south of here in the Choctaw nation. A miners' lamp came in contact with a keg of the powder. The explosion of the powder caused an explosion of coal dust which set the mine on fire. Sixteen men were in the mine, the shaft of which is 300 feet deep.

The work of rescuing the unfortunates was completed about dark. All of them were taken out more or less injured. Four were horribly burned, and at last accounts were not expected to recover. Mr. O'Brien, one of the owners of the mine, came in on the north bound passenger and returned to the scene of the disaster on the south bound train with several hundred feet of hose and other necessary machinery with which to extinguish the fire.

Aged Wife Murdered and Poisoned.

FOUR WAYNE, Ind., Oct. 21.—The trial of John Barrett, for the murder of his wife, which began last Monday, came to an end Saturday night, when the jury, after being out for six hours, brought in a verdict of voluntary manslaughter, and fixed the punishment at twenty-one years in the penitentiary. The murderer is 70 years old, and as he is very feeble, the chances are that he will not live to complete his term.

Three Bones Left.

ROCKFORD, Ill., Oct. 21.—John Phillips' large barn at Poplar Grove was burned Friday night, with its entire contents. A tramp entered the building, and, while smoking a pipe, went to sleep. The hay was set on fire, and the man was completely cremated, only three of his bones being found.

Two Bark Works Burned.

NEWARK, N. J., Oct. 21.—The Newark bark works at East Newark, operated by Edward T. Smith & Company, were totally destroyed by fire early Saturday morning. Loss \$100,000, only partly insured.

Military Movements.

Russia Preparing for War on a Large Scale.

AN INVASION OF ARMENIA

Will Be the Beginning of the Long Dreaded European Conflict—Death of the King of Portugal and Succession to the Throne of His Son—Other Foreign Dispatches.

LONDON, Oct. 21.—A dispatch from Erzeroum states that, notwithstanding the hint from Berlin that the invasion of Armenia by Russia would probably be the beginning of the long-dreaded European conflict, the Russian army of the Caucasus is being rapidly concentrated on the Armenian frontier, and extensive military preparations are taking place in the frontier districts.

The army of the Caucasus consists of two army corps, each of three infantry divisions, and one or two Cossack divisions. The first corps has its usual headquarters at Tiflis and its division headquarters at Kutais, Tiflis, and Alexandropol—that is, all south of the Caucasus. The second corps is normally stationed north of the Caucasus, its division being at Kuban, Vladikavkaz, and Dagostan. The two last named divisions and several regiments of Cossacks have been moved to the south of the mountains, where there are thus far five instead of three divisions, making a total of 75,000 men.

The cavalry in the whole district has been brought up to its full strength, and the artillery is already in excess of the normal establishment, and more heavy field guns are daily arriving. The works of Kars are being strengthened, as if the engineers expected a more formidable enemy than the Turk. The road from the fortress of Kars to Ardahan has been put in order, and the road leading from Kars toward Erzeroum is being repaired as far as the Turkish frontier. Close to the frontier on this road a force of 40,000 men is quartered. Extensive stores of provisions are being collected at Kars and Alexandropol, and long trains of ammunition have been moved up to Alexandropol from the Baku-Tiflis railway.

Death of a King.

LONDON, Oct. 21.—The King of Portugal, who has been ill for some time, died Saturday. His death occurred at 11 o'clock in the morning.

The Duke of Braganza, eldest son of the king, who succeeds to the throne, will assume the title of Carlos I. The premier waited on Don Carlos and presented the resignations of the cabinet ministers, which the king declined to accept.

The queen was present when the king died, and kissed her husband's corpse. She then embraced Don Carlos, saying: "I bless you as monarch. I hope you will prove as good a king as you have always been a son."

The new king has issued a proclamation, in which he promises a faithful observance of the political institutions of the country, and says that he will follow the example of his father, and try to merit the affections of the people. He swears to maintain the Catholic religion, the constitutional laws and the integrity of the kingdom. He declares it to be his pleasure that the present ministers continue in office.

Attempted Assassination.

BERLIN, Oct. 21.—Prince Wilhelm of Wurtemberg, nephew of Karl I., king of Wurtemberg, and heir presumptive to the throne, while driving to church in the city of Ludwigsburg Sunday morning, was fired at by a man on the side walk. The shot did not take effect and the prince escaped unhurt. His assailant was arrested. When asked why he sought to kill the prince he exclaimed excitedly: "It is true Wurtemberg had a Catholic king." It is believed the man is deranged.

Latest From Zanzibar.

ZANZIBAR, Oct. 21.—News has been brought here of an engagement between a portion of Capt. Wissman's force and natives. The fight is said to have occurred last Thursday at Bogomaya, but no details have been received.

Troops Called For.

BERLIN, Oct. 21.—A large force of military has been ordered to Chemnitz, where the weavers are engaged in a strike for increased pay. Frequent disturbances occurred there yesterday and the police have asked for aid.

Saved All Expense of a Trial.

YOKOHAMA, Oct. 21.—Count Okuma, the Japanese foreign minister, was attacked by an assassin yesterday and slightly wounded. Before the would-be murderer could be arrested he stabbed himself to the heart.

RAILROAD LAND GRANTS.

A Dispute Over Valuable Mineral Lands in Montana.

BUTTE, Mont., Oct. 21.—Telegrams received from Washington state that the land department is about to issue patents to the Northern Pacific railroad on lands claimed by them on the Oro-Pino district. The lands are strictly mineral, and, in fact, the Champion mines, valued at \$1,000,000, is on the sections claimed by the railroad company. Mineral lands were particularly exempted from the Northern Pacific land grant.

S. M. Stockinger, ex-commissioner of the general land office, says a recent decision of a like nature by the department in favor of the Central Pacific railway would probably act as a precedent in the Northern Pacific case. Protests have been sent to Secretary Noble by the board of trade and the mining men of Oro-Pino.

GETTING TO BE SERIOUS.

Farmers' Alliance Boycotting Nearly Everything and Everybody.

CHARLESTON, S. C., Oct. 21.—The war waged by the Farmers' alliance in this state against the jute bagging trust now involves several side issues. The alliance has placed under its ban not only the dealers in jute bagging, but also newspapers, towns and cities.

The Greenville News, one of the five daily newspapers published in this state, has been boycotted by a local alliance because the editor wrote something that did not please the alliance men, and the city of Greenville, the third largest city in the state, has been made to suffer a stagnation of business. The city of Spartanburg, next in size to Greenville, has been boycotted by the Spartanburg county alliance, which published the following Saturday:

WHEREAS, We, members of the Farmers' alliance, representing 234 bales of cotton, which was properly graded by an experienced member of the alliance, long in the business, and now offered for sale in the Spartanburg market yesterday and to-day firmly believing from all we can learn, and from all indications, that there is a deliberate attempt among the cotton buyers and cotton mills to cripple our order and to defeat our co-operative plan of grading and selling our cotton; therefore, be it

RESOLVED, That we take our cotton off this market and sell it in some other market, and recommend that members of the alliance hereafter, as far as possible, keep their cotton away from the Spartanburg market.

Charleston, the largest city in the state, has been boycotted by the Butler county alliance, where the members are forbidden to send any cotton to Charleston. The alliance has adopted a new method of disposing of its cotton on a given day.

It gets up a procession of cotton wagons and marches into the nearest town. The cotton is then offered for sale, and unless satisfactory prices are obtained, the procession returns to the farms, either storing the cotton or taking it back to the burs.

In many parts of the state the farmers are holding back their cotton, and, as a consequence, there are complaints of dull business. The boycott promises to assume large dimensions, and next year it may get into the political campaign.

HUGE THEFT OF BONDS.

Mexican Securities to the Value of \$2,500,000 Stolen from the Treasury.

CITY OF MEXICO, Oct. 21.—The two Republics (newspaper), contains an account of the robbery of \$2,500,000 in interior debt bonds from the fifth section of the National treasury. It is stated that 1,000 bonds of the nominal value of \$2,500 each, but with a cash value of over \$1,000,000, were stolen. They are reported to have been placed in London. Several persons have been arrested in connection with the robbery.

Gen. Ninojosa, secretary of war, states that the rumor of the robbery is true, but that the bonds were not signed. Senor Espinoza, a Federal treasurer, says that the robbery is not so bad as reported. The particulars will probably be published in the official journal. The bonds were in books, and it is the custom of the treasury that no bonds are ever signed in book until issued.

One of the Quantrell Gang Arrested.

NEW ORLEANS, Oct. 21.—The Times-Democrat's Paris, Tex., special says: Sheriff Cox, of Hill county, has arrested Kinzel West in the Indian Territory for the murder of A. D. Martin in that county in 1870. West was one of the notorious Quantrell gang, and after the war located in Lamar county with several other desperadoes. They kept up a constant reign of terror along the Red river, stealing horses and committing other depredations. In 1867 they murdered a man named Parish, near Paris. A vigilance committee was then organized, and West and his companions were driven out of Lamar county. In 1870 West murdered Martin in Hill county and fled. He has just been discovered, after living quietly in the Indian Territory for eighteen years.

A Schooner Ran Down.

NEW BEDFORD, Mass., Oct. 21.—The schooner Stephen Morgan, from Franklin for New York with paving blocks, was run down last night off Harpaulin Cove by an unknown vessel. Capt. Mahaffy succeeded in getting his disabled craft into the cove, and he and his wife were brought here by the cutter Dexter. The captain will take back assistance to his vessel.

A Schooner Ran Down.

ESANARA, Mich., Oct. 21.—Ten business buildings and the Lewis house were burned Sunday morning. No lives were lost, but several of the guests and employees of the hotel barely escaped in their night clothes. The total loss is about \$45,000; insurance, \$0,000. The principal losers are as follows: Mrs. E. Daly, \$4,500; Cook & Homer, hardware stock, \$4,000; Olsen & Herriekson, tailors, \$4,000; Lewis house and furniture, \$12,500; Mrs. B. Moran, building and grocery, \$0,000; John K. Stack, two buildings, \$0,500.

One of the Johnston Victims.

NEWARK, N. J., Oct. 21.—The funeral of Chris. Meisel, late manager of the Mansfield, O., base ball club, took place here yesterday. Meisel was a victim of the Johnston flood, and his body was identified by a finger ring. A Newark social club, of which Meisel had been a member, brought the body here for interment. The funeral was largely attended.

Postoffice Robbed.

BLOOMINGTON, Ind., Oct. 21.—Thieves entered the postoffice last night, but made a very light haul. Mr. McPheeters had carefully locked all the valuables in the safe, except a handful of coppers, which were taken. They made no effort to enter the safe.

THERE are 13,997 persons who draw their pensions through the Louisville agency.

THERE were forty-five deaths in Louisville last week, and two-thirds of the people who passed away were females.

OTTO MARTIN, of Foxport, Fleming County, shot and fatally wounded himself while out after some would-be burglars the other night.

THE Democrats of Madison County have nominated Mrs. Amanda Million for County Superintendent of Public Schools. She has held the office for one term.

W. L. STAMPER, formerly of the Kentucky Conference, M. E. Church, South, who withdrew to practice law, is now editor of the Mountain Observer, at Campton, Ky.

SHELBY COUNTY Democrats are "rushing things." The Constitutional Convention hasn't been called yet, but they have already ordered a primary election for December 14th next, to select a delegate.

THE General Convention of the Christian Church Missionary Societies of the United States will meet at Louisville tomorrow. The widow of Alexander Campbell the late eminent divine, will be present.

It will be observed that Governor Foraker never talks any more about a joint discussion with Hon. James E. Campbell. This is rather strange when Little Breeches only a few weeks ago seemed so anxious to meet the Democratic nominee on the stump.

THE total disbursements by the Pension Department the past fiscal year amounted to \$89,141,963.44. Of this sum over \$1,300,000 went as fees to attorneys. When it comes to rewarding the patriots and caring for them the United States knocks out all other nations.

THERE will be a rousing Democratic rally at Ripley to-morrow (Tuesday). The Maysville band has been engaged for the occasion and will leave on the Silver Wave at 1 o'clock. Hon. Virgil P. Kline, one of Ohio's greatest orators, will be one of the speakers. The Silver Wave will carry passengers from Maysville to Ripley for 25 cents.

REV. EDWARD HENRY FAIRCHILD, first President of Berea College, in Madison County, aged seventy-four years, is dead. He was a fanatical anti-slavery man before the war, and since that period has presided over the only institution of learning in Kentucky where whites and blacks, males and females, were promiscuously mingled.

THE Court of Appeals in reversing the case of Taul, &c., versus Sears, from Nicholas County, decides that

First—An officer has no right to make out a fee bill against the defendant in an execution for his commission for collecting the execution. He must collect his commissions as a part of the debt due the plaintiff, and make out his fee bill against the plaintiff.

Second—As this was an action at law, and the issues were legal, it was error to transfer it to equity over the objection and exception of the defendants.

Third—Where a debtor dies after suit is instituted against him, no demand is necessary before the order of revivor, but the verifying affidavit is necessary before the court can render judgment.

DAVID BENNETT HILL, Governor of New York, can't afford to go to slurring Grover Cleveland as he is reported to have done down at Chattanooga last Friday. Mr. Hill may not be aware of it, but he doesn't stand half as high in the esteem of the Democrats of the country as Mr. Cleveland does. The result of the last National election especially, as far as New York's vote figure, he is not easily forgotten. New York's bald-headed Governor must hold his tongue. He is turning loose a boomerang that will knock the wind out of his Presidential aspirations if he ever gets in the way.

Women's Rights.

The Kentucky Equal Rights Association has published "An Appeal for Justice" from the pen of Mrs. Josephine K. Henry, of Versailles, coupled with the following petition to the Legislature of Kentucky:

To the General Assembly of the Commonwealth of Kentucky: We, the undersigned citizens and residents of this Commonwealth, being satisfied that our statutory discriminations against the property rights and privileges of married women are unreasonable and unjust, most earnestly and respectfully petition your Honorable Body to enact such laws as will remove said discriminations, and give to married women the same rights and powers that are enjoyed by married men; to acquire, hold and dispose of all kinds of property, and also to equalize the rights of Dower and Curtesy.

It is the intention of the association to circulate the appeal and the petition throughout the State and to make a strong attack upon the laws regulating the property rights of married women in Kentucky.

The Attempted Fraud in Montana.

Republicans who have the least pretense to fairness, including E. Platt Carpenter, once of New York, unite with the Democrats of Montana in denouncing the attempted fraud of the new State Mr. Carpenter characterizes the proceedings of the Silver Bow canvassers as outrageous, and says: "The Republican canvassers have no case, and the masses of the party will not support them."

Judge De Wolfe will be sustained in his ruling that the canvassers went entirely out of their province in assuming judicial instead of ministerial functions. There was no allegation that votes had been fraudulently cast at the precinct the vote of which had been rejected. The correctness of the return was not questioned, and a quorum of the Board having acted and the papers before them being regular, the canvassers of the county had not a shadow of ground for attempting to nullify the vote.

The most startling development in connection with this Returning Board crime is the statement that Russell B. Harrison is on his way to Washington to obtain the immediate removal of Judge De Wolfe, in order that a plant tool of the Floater Fund headquarters may be put in his place as part of the machinery to be used in burglarizing the State.

Harrison the younger may be capable of any folly under the promptings of the vicious advisers by whom he is surrounded; but every patriotic citizen will refuse to believe that a President of the United States can be induced to prostitute his powers to the aid of a monstrous crime against the independence of the judiciary and the freedom of our institutions. The Sanford case was a great scandal. The removal of Judge De Wolfe under existing circumstances would be intolerable.—New York Star.

THE Wine and Spirit Bulletin shows that forty brands of Kentucky Bourbon whisky have advanced in price the past year on an average of 55 per cent., while fifteen brands of Eastern rye have made an average advance of 54 per cent. The importance of this advance will be appreciated when it is remembered that there are nearly 40,000,000 gallons of Kentucky whisky in the hands of distillers and dealers.

The manufacture of cigars in the United States in 1889 is estimated at 3,925,000,000.

Rumor and Auditor Hewitt.

A report comes from Frankfort that State Auditor Fayette Hewitt has been contemplating tendering his resignation to the Governor, but has been advised by his friends not to do so. Mr. Hewitt does not expect to be a candidate again, and, having other business opportunities and wishing to be rid of the annoyance to which he has been subjected since Tate's defalcation, he wants to step down and out. His friends, however, advised him that his resignation at this juncture would be fatal to him in his libel suits and his character would be eternally blasted, and it is now said he will hold on. Mr. L. C. Norrison, the Insurance Commissioner, who will be a candidate to succeed Hewitt, hoped to get the appointment in event of the latter's resignation.—Owensboro Messenger.

In affirming the case of Holmes versus Bramel taken up from Robertson County, the Court of Appeals says:

At a sale of land made under a judgment of court to satisfy a mortgage then the plaintiff became the purchaser, but, before a deed was made, sold the land to others, who received a deed from the Commissioner, and now bring this action against their vendor, the original purchaser to rescind the contract of purchase upon the alleged ground that the contract of land instead of containing 131 acres, as sold and reported by the Commissioner, really contained only sixty-five acres. It is shown in this action that these plaintiffs purchased the land for the benefit of the original owner, and held it in trust for him. Held—That the plaintiffs would be entitled to a rescission if they had really bought and paid for the land for their own use and benefit, but as they purchased for the benefit of the original owner, who must have known the real quantity, they are not entitled to any relief.

THE Rowan County feud is ended at last. Miss Grace Martin and Frank Toliver, daughter and brother respectively of the leaders of the late factions were married Saturday. Thus are the two houses united, and it is thought the war forever ended.

SAYS the Mt. Sterling Democrat: "Eight years ago J. L. Hainline stamped his initials upon a silver quarter and the other morning the same quarter was paid to him for goods. There is no telling what amount that quarter has purchased in eight years."

Cutting Loose!

'Tis true we bought them low down—in fact lower than any other house in the State—but to buy them at the prices we did we were compelled to take greater quantities than the ordinary hum-drum trade of "ye olden times" usually required. Gentlemen, we are going to cut loose! We are going to turn them into money, and at prices that will not require much time to do so. We want you to come in, enquire after and look at the following special things that we have in large quantities. We want to close them all out during this month.

No. 1. 172 Elegant, Children's Cape Overcoats, \$3.00.

No. 2. 185 Good, Substantial Boy's Suits, \$4.50.

No. 3. 240 All Wool, English Worsted Suits, (Men's) \$9.25.

No. 4. 180 Good Raritan Beaver, Mens' Overcoats, \$4.50.

No. 5. 80 All Wool, Dark Blue Chinchilla Overcoats, \$8.75.

No. 6. 45 All Wool, English Piccadilly Overcoats, \$10.75.

To the Nos. 5 and 6 we call your particular attention, they are worth your inspection whether you want to buy or not. We will, from week to week, select a lot of various lines, and mark you when ever we name the goods and prices on them, we will strike BED ROCK BOTTOM.

Here and There.

Dr. Russell White has located at Milwaukee, Wis.

Mr. and Mrs. H. A. Calvert have taken rooms at the Emery Hotel, Cincinnati, for the winter.

Mrs. Bettie Smoot and Mrs. F. B. Ranson have gone to Louisville on a visit to Mrs. E. L. Powell.

Mrs. A. R. Neale, of Washington City, is visiting her parents, Dr. and Mrs. J. L. Russell, of Sutton street.

Mr. Smoot Madden, of Scott County, was in town Saturday en route to the Tuckahoe neighborhood on a visit.

Miss Bettie Grant arrived yesterday morning after a pleasant visit of several days with her sister, Mrs. Dr. Locke, of Newport.

John Boulden was at Millersburg last Friday and brought his brother's seven year old daughter, Miss Mary Louise, home with him.

Mr. and Mrs. W. H. Cox left yesterday afternoon for Louisville to attend the annual meeting of the Grand Lodge of Kentucky, I. O. O. F.

Miss Tebie Farrow arrived home from Mt. Sterling Saturday evening. She will attend the general convention of the Christian Church missionary societies at Louisville this week.

W. H. Tarleton accompanied by Lie granddaughter, Miss Nannie De Gault left this morning to visit relatives at Columbus and Martineville, Ind. Mrs. Senator Cox, of the former city, a daughter of Mr. Tarleton was among the number.

MR. D. FRANK FRAZEE, formerly of Mason, was one of the heavy "plungers" down in the Middlesborough boom. He paid \$116 per front foot last Thursday for a lot 25 by 240 feet in dimensions. It is said he and Judge Matt Walton, another former citizen of Mason, are making big money in real estate speculation. A company of which they are members "got in on the ground floor" down at Middlesborough last summer and bought sixty acres of land which they platted off into town lots and expect to realize a handsome profit from their sale.

A WELL-KNOWN citizen of this city—and he's a fellow who doesn't talk much—said a few days ago that he would put \$10,000 in a furniture factory here, were it not for the fact that he is already engaged in some other business. He is satisfied such an enterprise would pay, and there is but little doubt on that point.

Maysville has four furniture stores at present. If the capital invested in two of them was added to a little more and a furniture factory started with it, everybody interested, it seems to us, would make more money than at present.

MESSERS. THOMAS A. DAVIE and JAMES W. PIPER left yesterday afternoon to attend the Oddfellows' meeting at Louisville this week, and Messrs. W. C. Pelham, J. I. Saulebury, John W. Thompson, Dr. T. H. N. Smith, Dr. John P. Phieter and W. B. Pecor left this morning. Mr. Byron Rudy, another delegate, will leave to-night.

MR. S. BLACK, of Franklin County, whose fine mare Glenview Belle was hurt in a railroad wreck near Terre Haute has refused to receive her from the company. He valued her at \$13,000 and wants the company to pay for her. She is still in charge of the company at Indianapolis. Mr. Black has employed Colonel William Lindsay, of Frankfort, as his attorney.

THE Masonic Grand Lodge of Kentucky meets in annual session at Louisville this week. Mr. W. LaRue Thomas left yesterday afternoon to attend the session, and Judge Coons, H. P. McIlvain, L. O. Blatterman and J. O. Everett left this morning.

Al. G. Field's Minstrels

It has been a long time since the people of Maysville have had an opportunity to enjoy a first-class minstrel performance. Al Field and his great company will appear at the opera house next Thursday evening. The Tribune says of their recent visit to Beaver Falls, Pa.:

Undoubtedly the best minstrel entertainment that has been given in this place for many a day was that given by A. G. Field's famous company at the opera-house the other night, before a large audience. Field's minstrels are always first-class in every respect, but this season they are better than ever. They have made a number of entirely new departures in the minstrel line and each departure is a big improvement. Their singing is splendid; their dancing is without rival and their funny business kept the house in a continual roar of merriment. The specialties they introduced were of the finest. In brief, the whole show, from beginning to end, was immense, and as the curtain went down on the last act and the audience slowly left the building as it loathed to leave such a scene of enjoyment as they had just witnessed, one could hear from all sides: "Good show," "Tip top," "I am glad I came," etc.

Reserved seats are now on sale at Harry Taylor's News Depot.

THE BULLETIN recently congratulated Georgetown, Ky., and said she was in luck when the Blue Grass Cordage Company was organized. The Times replying to this remark that "luck very often depends on personal effort," and that in this case the people of Georgetown got tired of "waiting for something to turn up" and went to work and turned it up themselves. That's the right way to go at the matter and its the way the people of Maysville will have to do if they ever expect to see additions to our industrial enterprises.

County Court Doings.

R. C. Durrett qualified as guardian of Paul Durrett, Gabriella Durrett and Elizabeth B. Durrett, with W. H. Durrett, Jr. as surety.

Wm. Byron resigned as Constable of Maysville No. 2. W. L. Moran was appointed to fill the vacancy and executed bond with Dr. J. T. Strode as surety.

THE steamer St. Lawrence will hereafter pass Maysville for Cincinnati at 7 a. m., daily, except Sunday. Her trips have been extended through to Manchester. She leaves Cincinnati at 6 p. m. She carries passengers at 50 cents, and freight at 5 cents per 100 pounds. The fight against the Handy No. 2 is still as lively as ever.

Don't fail to see Hopper & Murphy's line of goods, before buying your bridal presents. They have the handsomest line of goods ever shown here in their line. Silverware, bronzes and clocks. They invite everybody to call and see their goods.

THE barbed-wire trust has advanced the price of fencing 5 per cent. and the Louisville Times remarks that the Western farmers are now getting what they voted for "when they elected Harrison and sustained high taxes."

Mr. Mose Daulton bought the chestnut mare Flaxey T. at Lexington Thursday. Flaxey T. was sired by Little Mack, dam Foxey.

Drowned in Japan.

A DESTRUCTIVE TIDAL WAVE

Nearly Two Thousand Houses Entirely
Destroyed—Many Villages Along the
Coast Swept By the Waves, Destroying
Vast Amounts of Property.

SAN FRANCISCO, Oct. 21.—The last
steamer from China and Japan brings
an account of a tidal wave in which
nearly 800 persons lost their lives and
about 2,000 houses were washed away.
On Sept. 11, the same day Yokohama
was severely damaged by a typhoon, a
violent wind and rain storm sat in at
Wazungun and Aichiken. By 2 o'clock
the sea had risen several feet above or-
dinary high tide, and just after night-
fall the waves mounted to a great
height, washing away the embank-
ments and leveling the buildings near
the shore.

Shortly afterward a wave fifteen feet
higher than the highest of those that
had preceded it rolled in with a great
roar, washed away the remaining por-
tions of the embankment and car-
rying with it nearly all the houses of
the various villages along the beach.
This was done so suddenly and un-
expectedly that the inhabitants had
not time to escape, and at Okudo in
Oguri-Shinder, all the houses, twenty-
three in number, were washed away,
and out of ninety inhabitants fifty-four
lost their lives.

At Jitsuroka Koyabu-Mura forty
houses were washed away, and about
fifty out of the population of 350 were
killed.

At Ikuta-Mura 120 houses were wash-
ed away, about twenty broken up and
forty of the inhabitants killed.

At Yoshida-Mura 350 out of 650 houses
were washed away and 628 of the popu-
lation of 3,700 were killed.

At Toba Mura containing 220 houses
and a population of 1,130, ten houses
were broken up and ten persons per-
ished.

In addition to those already enumer-
ated 300 bodies have been found, and
there are yet 280 persons missing.

The emperor and empress have sent
\$1,500 and \$500 respectively for the re-
lief of the sufferers.

Dissection and Death.

EVANSVILLE, Ind., Oct. 20.—Mrs. Ollie
Williams committed suicide here at 8
o'clock last night by cutting her throat
with a razor. She was a stranger in the
city, having come here a week ago with
a man named Phillips, with whom she
had been living. The couple came di-
rectly here from Council Grove, Kan.,
where they stole a 9-year-old son of Mrs.
Williams by her divorced husband by
the terms of the divorce. On Wednes-
day last Phillips deserted his paramour,
and this is believed to be the cause of
her suicide. The child was taken in
charge by the local authorities, and will
be sent back to the father.

A Mangled Shot by a Negro.

BRANFORD, Fla., Oct. 21.—D. R. El-
liott, marshal of Live Oak, quarreled
with a colored barber named Chester
Matthews here yesterday. Matthews
fled and hid in Durr's hall. Elliott
followed, found Matthews and fired at
him, whereupon Matthews fired five
times at Elliott, killing him. A verdict
of justifiable homicide was rendered by
a coroner's jury, but Elliott's friends are
excited and talk of lynching Matthews,
who has been taken to Live Oak by the
sheriff of Sumner county. The negroes
are uneasy and many have armed them-
selves. Elliott was a popular young man.

Preparing for a Fight.

BLOOMINGTON, Ill., Oct. 21.—Alf Ken-
nedy, of Streator, backer and manager
of Billy Myer, the champion light
weight, now residing here, has written
to Myer saying that he has sent \$5,000
to the Police News, New York, the
amount of Billy's forfeit to fight Jimmie
Carroll, of Boston. Billy says the fight
is a sure thing, and that he never
looked forward to a contest with more
confidence. He will do some prelimi-
nary work here, but will go to El Paso,
Tex., Jan. 1, and do his actual training
there. He thinks the fight will come
off near that place.

Jumped from a Third Story Window.

BROOKLYN, N. Y., Oct. 21.—Miss Ade-
laide Phelps Thompson, aged 30 years,
who has been under treatment for a
nervous disease affecting her brain,
jumped from a third story window of
her home, No. 77 Hancock street, Sun-
day, and was killed. Members of her
family who kept constant watch over
her had left her but a moment before,
thinking her sound asleep. She was
evidently feigning sleep in order to se-
cure a few moments solitude. She was
a sister of Joseph H. Thompson, a
wealthy tobaccoist of New York.

Recently Found Hanged in Marriage.

CINCINNATI, Oct. 21.—At Pine
Springs, Rowan county, Ky., Frank
Tolliver married Miss Grace Martin.
The bride and the bridegroom respec-
tively are sister and brother of the lead-
ers of the opposing factions that have
for several years been industriously
murdering each other in that county.
This wedding seems to be a treaty of
peace.

Congressman Whitthorne Dying.

NASHVILLE, Tenn., Oct. 21.—Con-
gressman W. C. Whitthorne, of the Ser-
vant Tennessee district, and at one time
chairman of the committee on naval
affairs in the house of representatives, is
lying at the point of death at his home
in Columbia, Maury county. Mr. Whit-
thorne has been dangerously ill for sev-
eral weeks.

Forger Arrested.

SULLIVAN, Ind., Oct. 21.—Hugh L.
Shorwood, of Shelby, Ind., has been
arrested charged with forging his
father-in-law's name to a note for \$1-
200. He is in the hands of officers, try-
ing to give bail. He failed in business
about a year ago and left the country,
as lately turned up and was arrested
as above.

A STENOGRAPHER WANTED.

One Who Can Report in French, English
and Various Other Languages.

WASHINGTON, Oct. 21.—Unless a ste-
nographer who is capable of wielding
polyglot shorthand is found very soon,
there will be a serious delay in the be-
ginning of the International Maritime
conference. Up to this time it has been
impossible to find a man who can write
French, English and various other lan-
guages stenographically, who is willing
to take the proceedings of the congress
for less than \$5,000.

Only \$20,000 were appropriated by
congress to defray the expenses of the
conference, and if nearly half this
amount is to be taken for simply the
stenographic work there will be a dis-
crepancy somewhere. Secretary Blaine
has asked the official stenographer of
the house of representatives to find a
capable man, but he was told that if
such a man is found he would have to
be paid as much as \$8,000 for the work.
The lowest bid received so far for a sin-
gle man's work was \$60 a day, and he
was not considered competent, and his
employment refused. Unless a man is
found within the next four or five days
the proceedings of the congress will be
greatly retarded.

Never Thought of His Room-Mate.

NEW YORK, Oct. 21.—George Pfeiffer
was found dead in bed at 206 East Thir-
ty-fourth street this morning, having
been suffocated by gas. His room-mate,
Morris A. Redding, was unconscious,
and may die. Pfeiffer was out of work,
and it is thought that he left the gas
turned on in order to end his life, and
that Redding was unaware of his action.

Long Trip for a Murderer.

SAN DIEGO, Cal., Oct. 21.—Sheriff
Pearce, of Leon county, Fla., arrived
here last night, and will return to
Florida in a few days with a man named
Parish, who is wanted there for the
murder of two negroes some time ago.

Dry Goods House Fails.

BELOIT, Wis., Oct. 21.—James M.
Carpenter, proprietor of one of the
largest dry goods houses in this city,
has failed. The liabilities are \$60,000,
and the assets between \$30,000 and
\$35,000.

PRICES CURRENT.

Review of the Money, Stock and Cattle
Quotations for Oct. 19.

WALL STREET, NEW YORK.—Money was
easy throughout the morning, the rate for
call loans being 4 per cent.

Currency notes 117 bid; four coupon 127
bid; four-and-a-half bid 105 1/2 bid.

The stock market was quiet again and
rather heavy at the opening this morning.

While the first prices were irregular they
were generally a small fraction lower than
last evening's figures, Missouri Pacific show-
ing the largest loss, 1/2. The market rallied
immediately after the opening, and the de-
cline was recovered by the railroad, while
the trusts were very firm. Cotton seed oil

was especially strong, and advanced 2 1/2 per
cent, and Sugar Trusts 1. The Coal stocks
were exceptions to the general market.
Lackawanna declined 1 1/2, Rock Island espe-
cially weak, and declined from 90 1/2 to 90.

The stock market was dull in the early part
of the closing hour, but its tone was firmer
and a portion of the losses in the coal stocks
and Rock Island were partly recovered, ex-
cept in the case of Jersey Central, which de-
clined to 123 1/2 from 124 1/2, its closing price
of yesterday. About 1:30 the bank state-
ment was made public showing an increase
in the reserves of \$1,615,275. This imparted
a steady tone to the whole market, which
closed at a fractional advance on the open-
ing figures.
